

Create an Option Award Grant

Modified on: Thu, 15 Dec, 2022 at 1:52 PM

Adding an Option award plan in QapMap is a simple and an easy process.

1. Click Equity Awards in the left menu, select **Grants**.
2. Click **Grant Awards** drop-down and select **Option Awards**.

Award Details

 A screenshot of the 'Grant Awards' form in a web application. The form is divided into several sections:

- Left Sidebar:** Contains navigation links: 'Award Details' (active), 'Vesting Parameters', 'Separation Details', 'Additional Fields', 'Approvals & Acceptance', and 'Review'.
- Main Form Area:**
 - * Stakeholder:** A text input field with a placeholder 'Select a stakeholder'.
 - Stakeholder Email ID:** A text input field with a placeholder 'Enter Stakeholder Email ID' and a note: 'Email ID is mandatory if Acceptance Flow is enabled.'
 - * Award Plan:** A dropdown menu currently showing 'Bulk Approval'.
 - * Share Class:** A dropdown menu currently showing 'Series A'.
 - Grant Certificate ID:** A text input field with a placeholder 'Enter Grant Certificate ID'.
 - * Grant Date:** A date picker showing '2022-12-13'.
 - * Enter:** Two tabs: 'Granted Quantity' (active) and 'Value of Options'.
 - * Granted:** A text input field with a placeholder 'Enter Options Granted' and a note: 'Options available for grant 87,630,433'.
 - Display Value of Options at Grant:** A checked checkbox.
 - * FMV (Share Price on Grant Date):** A dropdown menu showing 'INR' and a text input field with a placeholder 'Enter FMV'.
 - Value of options:** A dropdown menu showing 'INR' and a text input field.
- Bottom Right:** A 'Next' button.

1. Select the **Stakeholder** by typing their first name. Select the stakeholder from the list displayed.
2. Enter **Stakeholder Email ID**. Click Add New Stakeholder if you need to add a new employee. Refer to the **Stakeholder Documentation for more information** (<https://qapita-fintech.freshdesk.com/support/solutions/folders/72000479345>).
3. Select the relevant **Award Plan**. The associated **Share Class** is displayed.
4. Enter **Grant Certificate ID**.
5. Select the **Grant Date**.
6. Select the **Currency** and enter the **Exercise Price**.
7. Select either **Granted Quantity** or **Value of Options**
 - a. **Granted** – enter the number of options granted.

• Enter

Granted Quantity Value of Options

• Granted

Enter Options Granted

Options available for grant 999,999,985,365.03

☐ Display Value of Options at Grant

Display Value of Options at Grant - Checking this will display the Value of Options in the Grant if not the field will be hidden.

• Enter

Granted Quantity Value of Options

• Granted

Enter Options Granted

Options available for grant 999,999,985,365.03

☒ Display Value of Options at Grant

• FMV (Share Price on Grant Date) ⓘ

INR Enter FMV

Value of options ⓘ

INR

FMV (Share Price on Grant Date) - FMV can be manually entered or is auto populated if FMV is added in the **Valuations page** under **Settings**, with the purpose specified as Grant of Options.

Value of Options – Defaulted to Issuer base currency, calculated as **Granted * FMV**

b. **Value of Options** – Enter the Value of options. FMV can be manually entered or is auto populated if FMV is added in the **Valuations page** under **Settings**, with the purpose specified as Grant of Options.

• Enter

Granted Quantity Value of Options

• Value of options

INR Enter Value of options

• FMV (Share Price on Grant Date) ⓘ

INR Enter FMV

Round Off options

Don't Round Off

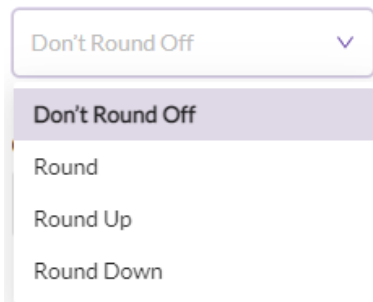

Displays the value along with decimal points accuracy Ex: 2.444

Granted

Options available for grant 999,999,985,365.03

8. Select the **Round Off** option you would like to display the values to the decimal points.

- **Don't Round Off:** Leave the value entered as is.
- **Round:** For decimal values greater than .5, rounds off to the next highest whole number and decimal values lesser than .5, rounds off to the previous lowest whole number. For example, 2.5 becomes 3, 2.2 becomes 2.
- **Round up:** Rounds off to the next highest whole number. For example, 2.3 becomes 3.
- **Round down:** Rounds off to the previous lowest whole number. For example, 2.7 becomes 2.

* Vesting Start Date

Select date

Select

Template Parameters

* Vesting Template

Select Vesting Template

* Exercise Period Template

Select Exercise Period Template

1. Select the **Vesting Start Date**.

2. Select **Vesting Template or Parameters**

a. Vesting Template:

I. Select the Vesting Template from the Dropdown. If a vesting template is not available, you can create it by clicking Create New Vesting Template.

Note: Click

to view the template.

II. Select **Exercise Period Template**. If an exercise period template is not available, you can create it by clicking Create New Exercise Period Template.

Note: Click

to view the template.

III. Click **Next**.

b. Parameters:

I. If you want to start the vesting schedule immediately, select **Yes** in the **Immediate Vesting** field.

II. Type the percentage to vest in the **Vested immediate** field.

III. Click Yes in the **Cliff Vesting** field to specify the required period until the vesting of the first tranche.

- IV. Type the percentage an employee can vest in the **Cliff Vested** field. For Example: If its 10%, then after the cliff, 10% of the granted options are vested.
- V. In the **Cliff period at the end of** field, select the appropriate number of days, months, quarters, half yearly, or years to specify the required length of the vesting period for the first tranche
- VI. By default, the vesting is balanced over the time frame you specify. If you would like to change this, select the days, months, quarters, half yearly, or years in the **Balance vests equally over** field.
- VII. You can also set how often vesting can happen. For this, select the relevant option in the **Vesting occurs** field. You can select same date as vesting start date, on the first, 15th, or last day of the month to specify the appropriate timing for the vesting.
- VIII. The **Round number of options at each vest** allows you specify the logic the vesting schedule will follow in regards to rounding of vesting tranche quantities.
- IX. In the **Round off options at** field, you can enable rounding off in the first vest, last vest, or for every round. This will help you determine at what stage the rounding should apply to ensure that the split of vesting quantities across all tranches adds up to the total granted quantity.
- X. In the **Rounding Off Method** field, you can enable rounding off method to: **Round, RoundUp or Round Down**
- XI. Select the **Exercise Period**. Either Perpetual or you can specify the period.
- XII. Select the **Lock In Period**
- XIII. Click on **Next**

- **Round:** For decimal values greater than .5 , rounds off to the next highest whole number and decimal values lesser than .5 , rounds off to the previous lowest whole number. Ex: 2.5 -> 3, 2.2 -> 2
- **Round Up:** Rounds off to the next highest whole number. Ex: 2.3 -> 3
- **Round Down:** Rounds off to the previous lowest whole number. Ex: 2.7 -> 2

Separation Details

Use this section to specify how both vested and unvested awards should be handled when an employee leaves the company.

- **Disability:** Use the to specify how both vested and unvested awards should be handled for a disabled employee or one who is disabled due to an injury.
 - a. Select the appropriate option for **Unvested Awards**.
 - b. Select the appropriate option for **Vested Awards**.

Additional Fields

In this tab, you can include any Additional Fields needed. Please note that the Additional fields are created in the Configurations Settings.

Click here to learn more about creating Additional Fields (<https://qapita-fintech.freshdesk.com/support/solutions/articles/72000542397-stakeholder-settings>).

Approval & Acceptance

Next, under **Select Type of Grants** you can choose one of these:

Record Grant

You can select Record Grant to enter all grant details (already transacted).

- Select the appropriate **Grant status** when you record the grant.
- If you want to include these details, select **Acceptance Date**, **Grant Letter Template** and add Supporting Documents by dragging and dropping the file or click **Choose files** to add any relevant contract or documents. Supported documents are Word, PDF, Excel, Images & PPT. The file size should be Maximum 100MB
- Click **Next**.

Enable Acceptance Flow

Select **Enable Acceptance Flow** to enable a digital approval process for a grant award.

Bifurcation of Click to Accept / e-sign flow

This will help admin users to embed the signature of approver in the grant letter and bulk approve grants whereas employees can be directed to the e-sign flow.

Flexibility to configure either e-sign or click to accept for approvers and option grantees in create/edit grant.
